Dear colleagues and friends,

It is our pleasure to inform you that 5th meeting of the International Academy of Cardiovascular Sciences – European Section (IACS-AS) „**Advances in cardiovascular research: from basic mechanisms to therapeutic strategies**“ will be held in the Congress Center of the Slovak Academy of Sciences in Smolenice Castle near Bratislava on **May 23-26, 2018**.

The meeting will be organized by the Institute for Heart Research, Slovak Academy of Sciences in collaboration with IACS-ES, Ministry of Education of the Slovak Republic and other institutions in Slovakia and abroad.

Scientific topics will include

- **Pathophysiology of cardiovascular diseases (CVD), risk factors and comorbidities**
 - *hypertension, remodeling, hypertrophy, ischemic heart disease, heart failure*
 - *radiation-induced heart disease, ROS-related pathologies, neurodegeneration*
 - *cardiomyopathies, mitochondrial disorders*
 - *arrhythmias, sudden death*
 - *metabolic abnormalities, endothelial dysfunction*
- **Myocardial adaptation, novel pathways and targets of cardioprotection, mechanisms of cell survival and death**
- **Genetic aspects of CVD**
- **Combination therapy, nutrients, molecular hydrogen in management of CVD**

The meeting will feature basic scientific and clinical sessions, including lectures of invited keynote speakers and free oral communications selected from the submitted abstracts. We plan to provide vast opportunities for young investigators to discuss their latest results and to compete in both oral and poster sessions.

Deadlines for abstracts submission: March 1st, 2018.

Please, do not forget to apply for a membership in IACS and get benefits of substantially reduced registration at the meeting. More detailed and updated information concerning registration, accommodation, abstracts and application forms will be available soon on the homepage of IACS-European Section: <http://www.iacs.sav.sk/meetings.html>

Looking forward to meeting you in Slovakia
